

Missouri District LWML Mission Grant 2008-2010

Forward in Faith – International Student Ministry,
St. Louis, (Partial Mission Grant) \$850

12,000 international students and family members from over 50 nations attend the ten colleges and universities in St. Louis. The majority of these students come from nations that are not Christian and do not know Jesus the Savior. International Student Ministry (ISM), St. Louis works in partnership with the Board for Mission of the Missouri District LCMS and congregations in the St. Louis area to reach these

students and family members with the Gospel of Jesus Christ. In the past two years, this ministry has expanded dramatically and has resulted in caring for hundreds of students and in eighteen (18) baptisms. As they return to their home countries they share the message of Jesus with their friends and relatives. This dramatic growth makes it necessary to add an additional part-time worker. LWML mites would partially fund this part-time worker.

Heavenly Father, You provide such creative ways for us to share your plan of salvation! One of these is bringing students from nations that are not Christian to America and to our sphere of influence. Thank you for the baptisms that have

already happened. We pray that the faith of these newly baptized will continue to be nurtured. And we pray that through this ministry many more students will be touched by your Holy Spirit as your message of salvation is shared with them. In Jesus name bless this ministry, its leaders and all who partner with International Student Ministry, Amen.
