

Missouri District LWML Mission Grant 2008-2010

Heit's Point Program Director, Lincoln \$24,000

This grant would cover the costs (salary, housing, etc) of a program director for two years at Heit's Point Lutheran Camp. The program director will be the designated staff member responsible for developing curriculum, relationship building, and program implementation to support outreach programs to reach the unchurched. This programming, once implemented, will generate one-third of the camp's plan to achieve self-sufficiency. Outreach plans include Inner City Family camps, Living History Programs for elementary school children, Department of Natural Resources Outdoor Education Programs, and Public School outdoor education weeks.

Gracious Lord, You have provided us with many blessings in this world. We thank you and praise your name as we enjoy the offerings included at Heit's Point Lutheran Ministry. We know that the programs of outreach

at the Camp need a dedicated Program Director who will continue to share the Good news in all aspects of the ministry. Remind us that all you created is ours to use in bringing others to saving faith in you. Since the mites we return to you will help to further this cause, guide us in our giving. We ask this in Jesus' name. Amen.
