

Missouri District LWML Mission Grant 2006-2008

Toward A Ministry Center - \$25,000 – St Louis

LWML mites will provide a ministry center for International Student Ministry, St. Louis, by renting a house or office space. Each year more than 12,000 students are brought by God to St. Louis colleges and universities. The majority of these students come from nations that are not Christian and, therefore, do not know about Jesus. The center would ensure continued expansion of the ministry, which shares Jesus with international students.

Dear Jesus,

You have placed an important opportunity upon us. The mission field has come to us! Provide volunteers to work this harvest field. Equip them to share the saving love of Jesus Christ to these peoples of the world. Cause your Holy Spirit to work faith in the hearts of these students. Empower them to return home and share what you have done for them.

In your name,

Amen
