

August 27, 2021

Dear Society Treasurers:

Let me take this opportunity to thank you for serving your society, the Missouri District LWML and our Lord by acting as treasurer for your society. Hopefully this letter will answer some questions you may have.

First of all, you will be sending your Quarterly payments to me: Carol Riedel, Financial Secretary, LWML-Missouri District, 14251 E Pingleton Rd, Centralia, MO 65240. Deadline for orders is February 1 2022.

Please remind your Quarterly chairperson that all Quarterly orders, changes, etc., must be sent on the proper form to me with order by **February 1, 2022**. Your society president will obtain the form from your zone president or you will be able to find it on the district website (www.missourilwml.org). I will scan after receiving your order and send to Doris Viets so she gets the necessary information.

All other payments, i.e., mites, prayer service, dues, will be sent to your ZONE treasurer as you have in the past. I only get the Quarterly monies. Checks which have been made out to the zone must be deposited by the zone treasurer.

Dues should be paid to your zone treasurer by the middle of November. The amount is determined by your society standing rules. Generally ½ of the dues you send remain in the zone treasury for zone activities. According to the LWML—MO District standing rule #11, **\$3/member** will be remitted to the district to help with our Operating Fund. Dues are to be paid by January 15 to the district (by the zone treasurer). Please help them by getting your money to them in November.

Just a little more information: If you could send your monthly mites, dues, etc., deposits to the zone treasurer around the middle of the month that would be great. Zone treasurers need to have their zone checks to me by the 25th of the month for them to be included in that month's receipts. I have to have time to finish the end-of-month reports and get those to Elaine Froeschle, District Treasurer, so she can get our month's receipts to the "national" LWML before the end of the month for their accounting of the funds. Yes, it is somewhat confusing!!! Please ask questions!! Feel free to contact me with any questions you might have! Again we do appreciate your service!!

Blessings,

Carol
