

## For LWML members and Zone Presidents Instructions for Submission of a Young Women Representative (YWR)

Zone YWRs are chosen by the individual zones in accordance to their by-laws procedure. The application is provided as a way for zones to make their selection from multiple candidates. Typically zones set a due date for receipt of applications, then a zone committee will read over the applications and prayerfully make a selection of one or two YWRs according to their bylaws. The fees for that YWR are the responsibility of their sponsoring Zone. Each zone determines if they will pay fees prior to convention or simply have the young women register/attend convention and then reimburse their cost.

After their selection, the Zone president or committee chair, should contact all applicants or the applicant's sponsor with the committee's decision. Although zones would love to financially support every applicant, they typically can only financially support one or two according to their bylaws.

HOWEVER, societies or sponsors may wish to financially support unselected zone YWRs who will receive all opportunities for gifts and activities given to the selected zone YWRs. These extra activities and gifts (such as devotion time with YWRs and the YWR pin) provided during convention will be covered by the LWML District committee.

The LWML District *VP of Special Focus Ministries* requests the names of all YWRs attending the convention by **March 31, 2022**. The application is helpful as well so my committee will know more about the YWR as we prepare our convention activities.

Let me know if you have any questions or concerns.
